**MESSAGE**

Hey Mony!!

Sorry I didn't have time to sat goodbye but the heat was comin' on fast. The Coast Guard nailed Reg and the Albatross with the Cuban shipment so I had to get out of town fast.

I'm doing OK for myself here, working as a cab driver and still doing some freelance stuff around. Got a good job lined up, got a meet tonight with a dude name of Gears. If it pays enough I'll send for you.

Still got the Sax with me so maybe I can score a gig or two.

See you around kiddo.
